**Subject:** Marlboro Auction/MFA Production

Chris/Kara:

I need to do a site-check in San Antonio sometime this week, early next week. Let's discuss in the morning. Need to discuss addendum to contract/responsibilities, etc.

The auction test consists of:

3 nights (possibly the same neighborhood bar) for the auction. 4 items auctioned off each night. 3 carry home items, such as dart board, camcorder (all must be approved by legal) and one large item, such as flat large-screen TV, jukebox.

Additionally, I would like to discuss production possibilities for MFA program. Speak with you in the morning. Thanks.
